## KELLY NOMINATED BY JOINT CAUCUS

Southwest Man to Succeed Judge Buchanan on Supreme Bench.

### LAWLESS RETIRES.

**Charles W. Coleman Unanimous Choice of Caucus For Circuit Judge of Norfolk County.**

Richmond, Jan. 22.—Judge Joseph L. Kelly, of the Corporation Court of Bristol, was nominated by a joint Democratic caucus of the General Assembly early this morning for a seat on the Supreme Bench of Virginia for a term of twelve years, beginning February 1, 1915. Judge Kelly will succeed Judge John A. Buchanan, of Washington, county, who has announced his purpose to retire at the end of the present term. The nomination was made after an all-night session, on the thirteenth ballot, the field finally narrowing down to Judge Kelly and Judge Jesse F West, of Waverly, Sussex county. The final vote was, Kelly, 68; West, 55.

Others put in nominate during the night were E. M. Fulton, of Wise; Judge William E. Burns, of Russell county; Judge B. F. Hutton, of Abingdon; Judge Frederick W. Sims, of Louisa, and Judge Walter R. Staples, of Roanoke. The West forces held together gamely on every ballot, but gained little when the Southwest candidates were dropped.

Judge Kelly was born in Smyth county on March 4, 1867, and is a graduate of Emory and Henry and of the University of Virginia. He was for some time law partner of former Attorney General Rufus A. Ayres, and was later in partnership with Joshua F. Bullitt. He has had a distinguished career both in the practice of law and on the bench.

The retirement of Judge Joseph T. Lawless early yesterday from the contest for re-election as judge of the First Circuit left the field clear for Charles W. Coleman, who was nominated by Delegate Duke and Senator Montague, of Norfolk county, and was chosen unanimously for the judgeship now held by Judge Lawless. Judge Coleman will assume his new office on February 1, 1914.

Nominations were made without opposition in the following cases:

For Commissioner of Insurance—Joseph Button.

Judge, First Circuit—Charles W. Coleman.

Fifth Circuit—George J. Hundley.

Ninth Circuit—George S. Shackelford.

Fifteenth Circuit—Claggett B. Jones.

Seventeenth Circuit—Thomas W. Harrison.

Twenty-first Circuit—A. A. Campbell.

Eighth Circuit—John W. Fishburne.

Hustings Court, Richmond—D. C. Richardson.

Chancery Court, Richmond—William A. Moncure.

Corporation Court, Radford—R. L. Gardner.

Twenty-fifth Circuit—T. N. Haas.

Twenty-sixth Circuit—E. S. Turner.

Twenty-seventh Circuit—William E. Burns.

Twenty-eighth Circuit—B. D. White.

Twenty-ninth Circuit—Bennett T. Gordon.

Law and Equity Court, Richmond—Beverly T. Crump.

Law and Chancery Court, Norfolk—William Bruce Martin.

Corporation Court, Lynchburg—Frank P. Christian.

Corporation Court, Petersburg—J. M. Mullen.

Corporation Court, Fredericksburg—John T. Goolrich.

For the Supreme Court to succeed Judge John A. Buchanan for a term of twelve years from February 1, 1915. There were 13 ballots as follows:

1st. Judge Fulton, 1, Judge Burns, 5, Judge Hutton, 18, Judge Kelly 22, Judge Sims, 26, Judge Staples, 16, Judge West 38.

2nd. Burns, 3; Hutton, 19; Kelly, 21; Sims, 28; Staples, 17; West, 38.

3rd. Hutton, 22; Kelly, 20; Sims, 24; Staples, 20; West, 36.

5th. Hutton, 27; Kelly, 30; Sims, 26; West, 42.

6th. Hutton, 26; Kelly, 34; West, 42; Staples, 24.

7th. Hutton, 27; Kelly, 33; Sims, 28; West, 37.

8th. Sims, 27; Kelly, 47; West, 46; Fulton, 5.

9th. Burns, 5; Hutton, 24; Kelly, 31; Sims, 26; West, 37.

10th. Hutton, 23; Kelly, 35; Sims, 29; West, 38.

11th. Kelly, 47; Sims, 30; West, 47.

12th. Kelly, 50; West, 53; Staples, 21.

It was evident that the fight had to be finally between Kelly and West—the far Southwest and the Tidewater Section, and the thirteenth ballot was between those two, resulting as follows:

For Judge Kelly 68; for Judge West, 55.

Senators Thornton, Moncuse, and Fletcher, with Delegates Birrell and Oliver, suported Judge Sims at first, and on the last ballots voted for Judge Kelly.

### NEW TAX PLAN.

**Senators West and Holt Introduced New Bill on Rolling Stock.**

Richmond, Va., Jan. 21.—In a new rolling stock bill introduced yesterday by Senators Holt and West, the patrons of the measure seek to avoid the constitutional bars upon which the law passed by the last General Assembly appears to have foundered, and at the same time to assure the division of the income fron. this source on a pro-rata basis among the counties through which the various railroads pass.

The rolling stock bill was the center of a strong fight at the last session of the Legislature and bids fair, even in the new form, to call out much debate. The law at present on the statute books requires the State Corporation Commission to distibute the income from the rolling stock tax on the basis of 25 per cent to the headquarters cities, and 75 per cent to the counties in which the railroads are located.

An attack was made on the bill by the cities which had collected the full amount of the tax prior to the passage of the act which required its division. It was held unconstitutional by the State Corporation Commission. An appeal was taken to the State Supreme Court, where the case is now pending.

Under the new bill which is proposed by Senators West and Holt, the cities are deprived of even the 25 per cent allottment made to them in the act of 1912. They are given the share of the tax to which they are entitled on the bas's upon which distribution is made to the counties, and no more.

The West-Holt bill requires the State Corporation Commission to apportion the rolling stock to each city, town and county for the purpose of local taxation in the proportion that the total assessed value of the right of way, roadbed and tracks of the railroads traversing and located in such cities or counties, bears to the assesed value of all such property to the various railroad corporations.

Thus apportioned, the act provides, the rolling stock shall be held, for the purposes of local taxation, to be situated in the several cities and counties and shall become taxable therein in the same manner as the physical property to the railroads is now assessed and taxed. The railroads are required to pay over such taxes to the local treasurers and collectors.

Edward Beardsley, the Chatauqua county, N. Y., outlaw farmer, who has fo rover a week defied the efforts of Sheriff Anderson and a posse to arrest him, gave himself up to Deputy SHheriff Backus at 4 o'clock yesterday morning and was locked up in jail there.

## MODERN EVILS SCORED BY TAFT

Ex-President Blames Demagogues For Social and Industrial Unrest.

### USE OF MONOPOLIES.

**School Graduates Hear Charecteristic Address of Former President on Current Topics.**

Philadelphia, Pa., Jan. 22.—All that goes into the making of the modern, active useful life for the man or woman from the cradle up was reviewed with personal comment by ex-President William H. Taft in an address last night in the Academy of Music before 210 young men and women composing the forty-eighth class of graduates from the Pierce School. Harmful tendencies toward a pampering of children;toward a too loose or too one-sided education; toward a wrongful transfer of society to the sins of the individual; toward literature, plays and moving pictures that cloak a doubtful lesson with prolific appeal to lasciviousness; towar the loosening of marriage sanctity that alone insures the safe-guarding of the home; and toward a tyranny of unlimited democracy—each in turn came in for analysis and tempered condemnaton by the former President and university professor.

Mr. Taft was the speaker of honor at the annual Pierce School exercises. His appearance was precluded by a brief program of music by the Philharmonic Orchestra and in presentation to the graduates he was preceded by Governor Tener, who made only brief introductory remarks and then took up the post of presiding officer. He introduced Bishop Philip M. Rhinelander who offered the opening prayer; Rev. George Edward Reed pronounced benediction, and Professor John A. Luman, vice principal of the Pierce School, who presented 210 diplomas.

### NEW BUSINESS SCHOOL.

A new school has only recently come into existence in Washington, known as the Washington Business and Civil Service School, located at 1317 New York avenue, northwest. This institution is unique in its character, inasmuch as the courses are intended to cover fully preparation for both Commercial and Civil Service positions.

The school is in charge of W. C. Poteet, who for the past eight years has been in charge of the English and Civil Service Departments of Strayer's Business College. Mr. Poteet is well versed in the various branches he has included in the curriculm of the school and has a large number of former students in the various government departments and commercial houses of Washington and Alexandria.

A great many new students are now being enrolled with a view to preparation for the coming examination in the Railway Mail Service. Owing to the scarcity of eligibles a special examination is to be held February 21st, and special efforts are being made to prepare a large class for that examination, as the chances for appointment are very good.

The school also conducts a correspondence department which has a national reputation. It has been their custom from the start to guarantee to refund all tuitions paid the correspondence department on failure to pass the examination. This speaks quite well for the thorough methods of the school and is evidence that they have come to stay.

Crushed by a heavy autombile coal truck which passed over his lower limbs, Joseph J. Minson, Jr., seven years old, of 2023 I street northwest, Washington, was instantly killed yesterday afternoon at Twenty-fifth and M streets northwest. The boy was riding a tricycle in the street when the accident occurred. The truck, owned by the Alleghany Coal Company, contained two tons of coal, and was driven by Edward Smith, colored. Smith was arrested and detained at the Third police predinct.

### RETURNS PAPERS.

**Documents Taken From Fairfax Court Restored by E. P. Eggleston.**

The will of Hannah Washington, along with two other documents taken from Fairfax Courthouse during the Civil War, and which were in the possession of E. P. Eggleston, of New London, Conn., are now in the possession of the clerk of Fairfax county.

Senator R. E. Thornton, who has been interested in the matter of recovering the property, has received a letter from Mr. Eggleston to this effect.

The wills were taken during the war and found their way, by purchase, to the collection of manuscripts and curios of Mr. Eggleston. He learned of the fact that the papers belonged to Fairfax and at once wrote to Senator Thornton, offering to return the documents where they belong.

Senator Thornton is writing a letter to Mr. Eggleson expressing appreciation at his act and thanking him for his kindness.

### BILLS IN STATE SENATE.

Mr. Thornton has introduced the following bills in the State Senate:

A bill to amend and re-enact section 164 of the Code of Virginia of 1904, as amended by acts approved March 14, 1908, and March 17, 1910; which was taken up and referred to the committee for courts of justice.

A bill to authorize the auditor of public accounts to pay out of the amount appropriated to pay criminal charges the allowances made jurors summoned from the city of Richmond to try a criminal case in the corporation court for the city of Alexandria; which was taken up and referred to the committee on finance.

### $12,000 FIRE DAMAGE.

Two large barns on the dairy farm of Corbin Thompson at Occoquan, were destroyed by a fire which commenced at 3:30 o'clock this morning. Several car loads of feed and two fine horses were destroyed. The lost is estimated at $12,000, partly covered by insurance.

### BANQUET TO CLARK GRIFFITH.

Many of the leading citizens of Alexandria will join the Cardinal Athletic Club tonight in doing honor to Clark Griffith, manager of the Washington baseball club by attending the banquet which the Cardinals will tend to the National's pilot at the Hotel Rammel. This will be the second banquet given Griffith by the local club, the first one a year ago having proven a great success and greatly enjoyed by all those who attended. Sylvester A. Breen, of the Cardinals, will preside and introduce Mayor Thomas A Fisher who will act as toastmaster. A number of surprises are said to be on tonight's programme, which, according to the committee, will assure an evening of great enjoyment.

### ECHO OF ALLEN CASE.

**Supporters of Staples Tell of Opposition Because He Presided At Trials.**

Richmond, Va., Jan. 22.—The ghosts of the Allens, electrocuted here last March 28, were stalking among the candidates for the Supreme Court Judgeship to succeed Judge J. A. Buchanan, resigned.

Supporters of Judge Walter R. Staples, of Roanoke, who presided over the trials of the Hillsville outlaws, on orders from Governor Mann, say they have found a well-defined opposition to their candidate, and all because he presided at the trials of the acused mountaineers.

In taking a poll of the house members Judge Staples' supporters found at least four men who were outspoken in their opposition to him because of his connection with the trials of the hill country men. These supporters were equally outspoken in their condemnation of holding this against Judge Staples "when he simply obeyed the mandate of the chief magistrate of the state."

Because he was one of the officers reprimanded as a result of the Caraboa incident ,Rear Admiral Thomas B Howard will not be commander-in-chief of the Asiatic fleet, a command to which he had been designated before the caraboa dinner. Admiral Howard instead will take command of the Pacific fleet, succeeding Rear Admiral Walter C. Cowles.

## THRILLING SCENES AT FIRE IN CAPITAL

Woman and Fireman Drop From Ladder Resulting in Injury to Both.

### GREAT EXCITEMENT.

**Heroic Work of District Fire Fighters—Large Crowds Gather at the Scene of Conflagration.**

Washington, Jan. 22.—Losing her balance as she was about to step from a window ledge to a ladder on which Private J. H. Swan, of No. 10 Engine Company, was waiting to carry her to safety from a fire which swept the residence of Thomas H. Sturgis, 530 12th street northeast, this morning, Miss Lottie M. Thomas, 38 years old fell to the ground and carried Swan with her.

Miss Thomas suffered a compound fracture of her left leg, and was badly shaken up and bruised. Swan suffered a sprained ankle.

The fire, which started in the basement from an overheated furnace, had spead to uuper stories of the house before it was discovered, and all the occupants were forced to leave in their night clothing.

Miss Grace Sturgis, 19 years old, and Miss Mary Fenton, were aided down the ladder by firemen, immediately after Swan and Miss Thomas fell. Mrs. Sturgis and her 13-year-old son Harry, were assisted to the street by Wm. Lynn, a boarder.

The smoke was so thick that Lynn and the firemen found it impossible to get up the stairway and a ladder was raised at the front of the house.

Fireman Swan started up the ladder to carry the woman to safety.

Just before he reached the window Miss Thomas steped from the ledge and tried to get on the ladder. Her foot slipped and she fell lon Swan, carrying him to the ground. Other firemen went up the ladder and assisted Miss Sturgis and Miss Fenton down.

At Casualty Hospital Dr. King found that Miss Thomas' leg had been broken in two places. Swan's ankle was badly sprained but after having the injury dressed he declined to remain at the hospital.

The fire did $1,500 damage. Insurance covers the loss.

### MAIL SERVICE IN SAHARA.

**Flying Machines Will Pass Over One Thousand Miles of Land.**

An aerial mail service across one thousand miles of Sahara desert sand is the latest project of French government. It comes as the culminating enterprise of a long series of aerial successes in the last few months.

The new desert mail servlce by air will not be as simple, however, as are these short distance trips which have long been a regular thing along the Algerian border. The trip will be made in two days, with several stops enroute at stations, which are now being established and stored with food and supplies. The route is being marked out with great stakes set up on the desert floor at distances of ten miles apart.

The service will solve a century-old problem and obviate the terrors of the old desert trip by caravan, which took sometimes four months and was subject to the perils of heat, thirst, starvation and sand storms.

## DEPOSIT TAX BILL PASSES SENATE

Measure Carries Compromise Rate of 10 Cents on each $100.

### OVERRIDES STUART.

**Senate Takes Decisive Action After Long Debate in Face of New Governor's Wishes.**

Richmond, Va., Jan. 22.—Over the protests of a small fighting minority, the Senate of Virginia yesterday passed under a suspension of the rules the Echols bill, segregating bank deposits and making them taxable by the state alone at the rate of 10 cents on each $100. As originally drawn by Senator Echols, the bill provided for a tax of only 2 cents on the $100. The Senate finance committee made the rate 10 cents, and the amendment was adopted.

The bank tax bill furnishes the senate with the first real debate of the session, the discussion consuming fully an hour and a half. One-fourth of the senate membership took a hand in the debate, and several senators took the floor two and three times.

The senate's decisive action in passing the bank tax bill by a vote of 37 to 2, was taken to show a marked difference to the wishes of the governor-elect, who made it clearly known that he opposed a reduction in the tax per $100 to a point below 25 cents. His strong feeling in the matter became known last week, when he asked the House Finance Committee to give him an opportunity to be heard before taking action on the Weaver bill, which, like the bill of Senator Echols, originally provided a tax rate of 2 cents per $100.

In the course of a long hearing on Monday, before the House Finance Committee, Governor-Elect Stuart spoke at length against a sweeping reduction of the tax on bank deposits and urged as a compromise a 25-cent rate. To begin the tax-reform program with what was practically an exemption form of taxation of $200,000,000 of property, he said, was to proceed in the wrong way.

### ANTI-SALOON LEAGUE.

**Ex-Senator Webb Denounces What He Calls "Bung Hole" Democracy.**

Richmond, Va., Jan. 22.—The opening session of the thirteenth annual convention of the Anti-Saloon League of Virginia in the Seventh street Christian Church last night was marked by the address of Senator W. R. Webb, of Tennessee, who told of the forty years' struggle in that state against the saloon; who denounced "bung hole" democracy, and who declared Virginia is doing the State of Tennessee a great injustice by lining the border of Virginia and Tennessee with saloons.

Senator Webb made many strong almost sensational statements during the course of his address and concluded by paying tribute to the womanhood of the State as it relates to the movement against the liquor traffic, declaring the "white ribbon of the W. C. T. U." is more becoming to Virginia than is the white apron of the bartender."

Among others who took part in the opening session were President J. W. Hough, of Norfolk; Rev. James Cannon, D. D., superintendent of the league; Rev. E. J. Richardson, secretary of publication, and Governor mann, a vice- president of the league who presided at the opening session.

Mrs. Clarence C. Leadbeater was the hostess yesterday afternoon in her spacious residence in north Washington street, of a most delightful card party. The affair was one of the largest and most beautiful entertainments of the season. The spacious rooms were attractively decorated with cut flowers and palms. Assisting Mrs. Leadbeater in receiving the guests was Mrs John Leadbeater. Mrs. Laurence Stabler presided at the punch bowl where the ladies were served before commencing the game. The table was prettily arranged with yellow-shaded candles and flowers with crystal bon-bon dishes invitingly filled with sweets. The artistic hand-painted tally cards elicited many admiring remarks from the guests. # SUSTAIN MAYOR FISHER

### Police Commissioners Elect Special Officer—Chief Goods' Report

The regular monthly meeting of the Police Commissioners was held last night. Mayor Fisher presided and all members of the board were present.

A communication from Henry L. Cheshire was read requesting the Board to elect Tannie Trigger a special policeman for the purpose of performing duty at the petitioner's saloon. The request was complied with.

The action of Mayor Fisher in suspending Officer Banner T. Young for infraction of rules of the board, was affirmed. Officer Young was suspended January 9.

After an interchange of opinion on the Mayor's action and the offense of the officer, Commissioner Lawler said it was his purpose to vote for the reinstatement of Mr. Young, but he wanted it understood that the action of the board must not be presumed upon by other members of the police force, but should similar charges be brought in future against officers dismissal would follow.

The other commissioners agreed with Mr. Lawler, and they, too, wanted it to be understood that while leniency was to be offered Officer Young, members of the force guilty of similar offenses would be summarily dealt with.

A vote was finally taken and the officer reinstated. He was invited into the Mayor's office where the meeting was held, when an admonition was delivered.

The report of Chief Goods for the month of December was presented, as also was his annual statement of the workings of the force, which the Commissioners requested the Gazette to publish.

The report follows:

To the Hon. Mayor and Board of Police Commissioners, of the City of Alexandria, Virginia.

Gentlemen:—I respectfully submit for your consideration my report of the operation of the Police Department for the year 1913, this being my eighth annual report.

By being handicapped as we are considering other Police Departments throughout the country which have the largest improved call up and patrol system and every thing else that is desired to make an up to date Police Department, I think we can compare favorably with the best of them in the decrease of crime.

The freedom from crime which the city enjoyed the past year, tells better than words can tell of the ability energy and loyalty of the members of this department, both severally and collectively, and in my opinion stamps this department as being well organized to such an extent that this city may be justly proud of.

I observe with a source of gratification, that the tendency throughout the department is decidedly in the direction of general uniformity. The discipline and spirit of the men of the department during the past year has been constantly improving, and the city during the year has been quiet and orderly. Peace and good order was preserved on all occasions, and I wish to compliment the members of the force for the faithful and efficient manner in which they have performed their respective duties, and to thank them for the extra hours of duty they so willingly rendered on occasions demanding their services. During the year we have thousands of tourist people visiting our city, and I am proud to state that there were no robberies reported and no accidents happened which would tend to mar the pleasure and happiness of the many visitors to our city.

The conduct of the officers and men comprising the force under my command has been very good and at this time they are performing their duties fearlessly, and well. My positive orders to enforce all laws and ordinances have been frequent and pointed, and I believe that the commanding officers have enforced them so far as lay in their power.

As shown by the detailed statistics in another part of the report, the total arrests for the year was fourteen hundred and fifty-six (1,456.)

In conclusion I desire to thank the Mayor and each member of the board for courtesies extended me during the year.

Respectfully submitted,
CHAS. H. GOODS,
Chief of Police.

## THE STOLEN WILL.

**Daughters of American Revolution Clash With Thornton.**

Richmond, Jan. 22.—The fight to secure the return of Martha Washington's will from the collection of J. P .Morgan to the Fairfax county courthouse, from whose archives it was stolen during the War Between the States, took an unexpected controversal turn yesterday, with a split between Commonwealth Chapter, Daughters of the American Revolution and Senator Thornton, of Fairfax, on the question of the steps that shall be taken to bring the document back to Virginia.

Resolutions adopted at a meeting of the executive committee of Commonwealth Chapter, held yesterday declares that the bill introduced by Senator Thornton, by reason of the language therein employed, will tend to defeat rather than aid in having the will of Martha Washington returned to this State. The request is made that Senator Thornton, therefore, withdraw his bill and substitute in its place a bill prepared by the chapter.

Senator Thornton was informed of the action of Commonwealth Chapter yesterday. He courteously declined to accede to the request and declared his intention to press the passage of his own bill which, he believes, amply meets the present exigency.

"At the risk of being discourteous to the good women who have taken a hand in this matter," said Senator Thornton last night, "I cannot help looking upon their interference at this stage of the controversy, as unwarranted. We in Fairfax have borne the brunt of the fight for many months, and have continued our efforts in the face of repeated setbacks."

Within the next few days Governor Mann will send a special message to the General Assembly recommending the acceptance of the offer made by the Lossing heirs for the return of the 100 manuscripts, valued at $8,000, which were stolen from the archives of the Virginia State Library during the military government of Richmond immediately after the War Between the States. After more than a year of negotiation, the Lossing heirs, in whose possession the valuable documents now are, have consented to return the manuscripts to the library for $750, this sum to pay for their care during the last fifty years.

While admitting that this smacks somewhat of paying for property stolen from the State, both the Governor and Dr. McIlwaine have come to the conclusion that this is the way to make the best of a bad situation. For, if the state should refuse to recompense the Lossing heirs for the money expended in the cars of the manuscripts, and in the recent negotiations, the State would be forced to take a doubtful case to law in the New York courts at a cost exceeding the indemnity asked now.

## VETERAN IS SUICIDE.

**Ends His Life With Drink of Carbolic Acid.**

Hompton, Va., Jan. 22.—Thomas H. Mead, 78 years old, a veteran of the civil war, yesterday committed suicide at the National Soldier's Home by drinking two ounces of carbolic acid. The veteran was walking along the breakwater, and comrades saw him when he pulled the phial from his pocket and drank the acid. He served with the Thirteenth New Jersey Regiment during the civil war and was a friend of United States Senator Franklin A. Murphy.

Charles V. Thompson, who served with the United States Navy during the civil war died yesterday at the home hospital, aged 96 years.

**This Lung Remedy Known Fifteen Years**

If everybody who suffers from or is threatened with Lung Trouble would investigate the many cases where recoveries were brought about through the use of Eckman's Alterative, a remedy which has stood the test for nearly fifteen years, a strong opinion in favor of it would be the result. What it has accomplished for others it may do for you. Read this:—

145 E. 122d St., New York.

"Gentlemen: Last December I took a sudden cold, which developed into Pneumonia. The doctor did all he possibly could for me, but could not clear my lungs. One day I saw a testimonial in one of the papers telling of the good results someone had from taking Eckman's Alterative for a trouble of the lungs. I began taking it and soon felt good results. My lungs began to clear up and I began to gain in strength and was soon well enough to take up my work again. I am in better health now than I have been at any time. I am a missionary worker for the New York Home for Homeless and Friendless Boys."

## HEALTH DAY IN SCHOOLS.

**State to Issue Special Manual for Use of Leagues in Celebrating Occasion.**

Richmond, Va., Jan. 22, 1914.—(Special) Through the co-operation of the State Board of Health, the Co-operative Education Association and the State Bureau of Rural Colored Schools of the Department of Public Instruction,, plans have been formulated and have just been announced for the observance of health day during February in all the rural schools of the Commonwealth.

The Leagues of the Co-operative Education Association will devote their February meeting to the discussion of public health questions and in particular, to the consideration of methods by which the school buildings and surroundings can be made more sanitary. In the colored schools, the exercises will be held February 12, which is the date usually set aside in these schools for special celebrations.

For the use of the leagues and for the guidance of teachers who must direct the programme, the State Board of Health has in preparation and will soon send to the press a special "Health Day Manual." This will contain full instructions for the observance of the day, together with suggestions for the better sanitation of schools.

In announcing the plans for Health Day, the Board of Health, in its weekly bulletin, issued today, pleads for the co-operation of all school authorities to make the day a success. Says the Board: "We hope that the district school superintendents and all the teachers will join with us in our effort to make Health Day a success. The Co-operative Education Association and Supervisor Jackson Davis, of the Department of Public Instruction, are working with us very earnestly and are urging upon school authorities the possibilities of this celebration in Virginia. Our rural schools must be made sanitary and safe for our children. They must be made attractive and inspiring. They must be made the center of an influence which will make itself felt throughout the community.

"In particular we hope this day will be made the occasion for a movement that will bring sanitary conveniences to all our rural schools.

At present, many hundreds of our schools are without these and, in consequence, become the agents for the spread of communicable disease. We believe that if the school patrons and the children learn how much the sanitation and conveniences of rural schools can be improved at a small expenditure, they will unite to make the necessary improvements.

"The Board realizes, in addition, that much of the fight for better health in Virginia must be waged by the children. They must apply the principles which experience has shown to be of value. Accordingly, we believe that the instruction of our school children in even the fundamentals of sanitation is a service infinitely worth while.

"The Board hopes that school authorities who wish copies of the new Health Manuel will notify us promptly. We shall make the edition as large as our funds will permit but want the assurance of those who write for the manuel that these will be used to the best advantage."

## FEATHERS COST HER $3 FINE.

**Annoy Fellow Rider in Car and Row Leads to Arrest.**

New York, Jan. 22.—Dr. Maxwell Branner was sitting beside Mrs. Loretta Harris, a dressmaker, in a street car, and while he was reading his newspaper he was annoyed several times by the bunch of feathers on the woman's hat. He protested and she sprang to her feet and began banging him on the head with a heavy folded magazine. Dr. Branner blew a police whistle and Policeman Hoctor arrested the woman. Magistrate Herbert fined her $8.

**Officer Kills Negro.**

Richmond, Jan. 22.—A negro, whose name has not been ascertained, died at the City Hospital yesterday as a result of being shot by Henrico Officer Joseph E. Mallory while resisting arrest.

Mallory detected the negro in the act of stealing some iron belonging to the Chesapeake and Ohio Railway on Seventeenth street, near the locomotive work.

The negro, according to Mallory's statement, struck him twice with his fist and also hit him over the head with his blackjack.

The officer then pulled his pistol and shot the negro twice. One shot penetrated the neck and the other the stomach.

## OLIVER BILL DEFEATED.

**Advocates of Enabling Measure Have Full Sway in House.**

Richmond, Va., Jan. 22.—After a windy session yesterday, the House of Delegates completed the second reading of the enabling act and ordered its engrossment. Today will mark the final reading and passage of the measure, giving the people of Virginia their righ to express their sentiments at the polls as to whether or not State-wide prohibition should prevail.

Mr. Oliver, of Fairfax, was the first to take the floor. He again referred to the amendment offered to the bill and declared the friends of the measure should agree to the amendment, making it necessary for the petition to be signed by qualified voters. Of his second amendment inserting the words on the ballot, "For Local Option," in lieu of "Against State-Wide Prohibition," he said it was purely a question of whether the state would go dry or have local option and he hoped the House would give his amendment some consideration.

Mr. Horner, of Southampton, took exception to Mr. Oliver's second amendment, declaring it was misleading to have the words "for local option' 'on the ballot as it was purely an issue as to whether State-wide prohibition should prevail or not. Mr. Leedy, of Page ,agreed with Mr. Horner, saying the issue was too clear-cut and drawn between State-wide prohibition and local option.

The question was then put and Mr. Oliver's amendment was then voted down almost by acclamation.

Mr. Oliver then introduced his substitute bill, providing for the prohibition of the sale and manufacture of liquors in the State of Virginia, the law ta take effect July 1; 1914.

In speaking of his bill, the gentleman from Fairfax said his friend from Giles, speaking of Judge Martin Williams, patron of the enabling act, had said he was not sincere. He in turn charged with insincerity the people who had been going up and down the State preaching prohibition, and who did not vote for his substitute bill. "If it is going to be so delightful and make such a heaven of Virginia, why put it off? Why not vote on it right here in the House and if the bill passes put t into effect July 1st."

He declared that the enabling act was one of the most unconstitutional bills ever presented before the General Assembly.

## WHOLESALE VACCINATIONS.

**Lynchburg Takes Precautions To Check Smallpox.**

Lynchburg, Va., Jan. 22.—It is estimated by the City Health Department that the vaccinations here during the past four or five days have averaged a thousand a day, so great has been the scare brought about by the discovery of smallpox in the city. Thus far there have been seven cases, five of whom have been white people.

The activity of the health authorities, it is believed, will check the spread of the disease and prevent a serious epidemic.

## MATERIAL FOR AN UNWRITTEN HISTORY.

It has often occurred to the writer that there is abundant material for an unwritten history of Alexandria—that is of characters who flourished in by-gone days, as well as incidents, amusing, pathetic and serious—that seldom, if ever, get into history. The bare annals of the city have at times been compiled, but they, apart from being reference books for dates, facts and figures, have not appealed to the great majority. They have been as Sir John Froissart's Annals compared to Macaulay's interesting descriptions of incidents in England.

Alexandria, during the past century, has brought forth many characters who have long since passed into the other world, echoes of whom are heard at long intervals.

A moderate-sized volume containing scraps here and there of the more ludicrous, thrilling or pathetic happenings, as well as anecdotes of the many persons who in the olden time were well-known figures, and whose experiences often attracted attention, would be read with avidity by all old Alexandrians, while it would afford interesting perusals for the present generation.

Twenty-eight years ago today, a man well-known in his time, who was feared and hated alike, dropped dead, and in a few minutes telephones were announcing the sudden death of Geo. W Rock, generally known as the fool-killer. Rock was a printer by trade, but he was employed in other occupations in his time. Brusque and abrupt, his conduct at times verging on insolence, he was a terror to the fraud and humbug, and his invective, ridiculous comparisons and references made him an individual to be avoided by ambitious men devoid of genius.

At times his abruptness caused him to become involved in personal encounters, and though he generally emerged second-best, he never took the chip from his shoulder but carried it until he died.

For many years he was the most unpopular man in the city of Alexandria, and had he had the temerity to have offered himself for the position of county constable he would have been snowed under. But times change and men change with them, and in the year 1879 there was a spontaneous demand that he accept a seat in the Common Council from the First ward. He was elected by a large vote and was made chairman of the committee on streets. Having no business occupation at the time, he devoted his undivided attention to the position and became a terror to city employees under him. There was no loafing on the job and the city received, what it often fails to do, an equivalent for the weekly payments.

On one occasion he found a bevy of street payers sitting idle listening to a yarn one of their companions was spinning. Rock had the bunch arrested and taken before the Police Court to answer the charge of obtaining money under false pretenses. His testimony before that tribunal was as laughable as any description given by Dickens of proceedings in Chancery Lane.

While vindictive and overbearing he was, as Samuel Johnson, often discourteous to his friends, but his honesty was apparent to all who ever had dealings with him.

Alexandrians have for years realized that the city suffered a loss in the death of George Rock, as he was a check wheel to many in his day who were victims of wild dreams as he would be now were he living.

## BOARD TO EXAMINE BARBERS.

Mr. Cannon has introduced into the State Senate a bill to establish a board of examiners for barbers, and to regulate the occupation of a barber in this State.

The late Charles M. Griffin, of this city, a wielder of the razor, about twenty years ago labored assidiously in attempts to induce the legislature of Virginia to create a state inspector of barber shops and offered himself a candidate for that position. His labors were in vain, the representatives of the people failing to realize there was any need for such an official.

It is thought by many long-suffering tax-payers that the state is already saddled with a plethora of officeholders many of whom are as fifth wheels to coaches, and there seems to be about as much use for a board to inspect barber shops as there is for a witchfinder. It will be remembered that in the history of England an individual known as Matthew Hopkins filled such a position, and went from town to town in quest of women who were wont to ride through the heavens on broomsticks. He received five dollars as his fee from each place he invaded. The good sense of the people finally brought about a reaction and Hopkins was later hanged.

All cities in the Commonwealth are called upon to pay the expense of health departments, and should those filling these places perform their duties there would be no need of further sanitary outlays.

Christians make the best fighters, Bishop Lawrence, of Massachusetts, told the House Naval Affairs Committee yesterday in heading a delegation of churchmen of all denominations asking for an increase in the number of navy chaplains. "In the long run the Christian nations have beaten out the savages at fighting," said Bishop Lawrence. "An immoral navy is not a good fighting navy." He and Bishop Harding, of Washington, asked that navy chaplains be given the rank and promotion privileges of navy surgeons. Bishop Lawrence expressed opposition to Secretary of the Navy Daniels' plan to have "special welfare" secretaries as well as chaplains on battleships. He proposed a five-year probation service for navy chaplains to secure the "pick" of pastors explaining that young rectors of Massachusetts were refusing to enter the naval service.

## CHILD BEATEN BY ROBBER.

### Sister Comes Home and Finds Other Lying Unconscious.

Wilmington, Del., Jan. 22.—While alone in her home at No. 503 East Third street, Margaret Buckley, aged 11, daughter of Timothy Buckley, was attacked and beaten into unconsciousness by a burglar, who then poured a quantity of iodine down the child's throat evidently for the purpose of drugging her until he could complete his search and robbery of the house. A watch and pocketbook containing a small sum of money were the only articles stolen.

Margaret arrived home from St Mary's parochial school about 4 p. m. Later she heard a noise in an upstairs room. She was walking along the hallway when a man struck her with his fist and then beat her until she was unconscious. The child cannot say whether the assailant was a white man or a negro.

Her sister, Katherine, later returned home from work, and not finding Margaret about the house started to search for her. She found the child lying across a bed in the second story room. Her mouth was burned and discolored from the iodine, and Dr. H. R. Spruance had to be called to revive the girl.

## NEWS OF THE DAY

Senator Vardaman, of Mississippi, served notice on President Wilson yesterday that as long as he is a member of the senate he will seek to prevent the confirmation of that body of the nomination of any negro who may be selected for a Federal office. The Senator made this statement after a conference at the White House when he informed the President of his opposition to the nomination of Robert R. Terrell, colored, to succede himself as Judge of the Municipal Court.

"I shall be compelled to oppose the confirmation of any negro appointed to office in this country. I am sorry to differ with the President with regard to the Terrell case. I think the President is a great and wise man, but I do not believe the negro and the white man can live together on terms of political equality in this country. I am not against the negro as an individual man, but if he fills office he is on terms of political equality with the white man."

Mrs. Elsie Whalen Goelet, of Newport and New York, has filed papers in the Superior Court in Newport, asking a decree of absolute divorce from her husband, Robert Goelet, son of Ogden Goelt possessor of property valued at $35,000 000. Under the statute, Mrs. Goelet alleges that her husband has been guilty of "extreme cruelty and other gross misbehaviour and wickedness, repugnant to and in violation of the marriage covenant."

Delilah Bradley, the eighteen-year old girl, who eloped with Joel M. Foster, of Browns Mill, N. J., and was arrested in Mobile, Ala., arrived home yesterday evening. She was accompanied by her father, Harry L. Bradley. When the entrance to her home was reached the girl, who had rebelled against the return throughout the trip, screamed and refused to enter. Her father picked her up, and with the assistance of two detectives from a private agency, carried her bodily up the steps to the house. As she was borne along by the three Miss Bradley shouted hero cally "I love Foster as much as ever, and I know he will get a divorce. Then I will marry him and he will take me away from here. Put that in the papers. I love him more than ever and I know that he will marry me as soon as he is divorced."

President Wilson expects the administration's legislative programme for this session of Congress will be completed by June 1, and that it will be practicable for Congress to adjourn on or before that date.

Driven insane by the fear that he was dying of consumption, Joseph Stierheim, of New York, a government employe, yesterday shot and killed his wife, two daughters and himself. Stierheim, who had been an interpreter at Ellis Island for several years, shot the two girls, aged thirteen and seven, and their mother as they were sleeping, and then killed himself beside the latter's bed.

Julia Flake, aged 15 years, of Galesburg, Ill., yesterday turned upon her step-father, Robert Higgins, who killed her mother. Although she has confessed that she persuaded Higgins to commit the murder that he might marry her, she now says she will "go on the witness stand and send him to the gallows."

Five persons were cremated when fire destroyed the home of Samuel Bloise, in Alpena, Mich., early yesterday. The dead: Mrs. Bloise, thirty-five; Bonato Dalsamo, a boarder, thirty-three; Frank Bloise, six; Smilda Bloise, five; ten-months-old Bloise baby. The father saved one son, aged three. Another son, aged nine, jumped through a window and was badly cut but will recover. The father was driven insane by the tragedy. The fire resulted from an exploding lamp.

## JAPAN DISSATISFIED.

### Will Consider Some Other Way to Settle California Case.

An address by Baron Nobuaki Makino, the Japanese foreign minister, to the parliament of Japan yesterday, outlining the status of negotiations over the California alien land legislation, and declaring that the Japanese government has "come to see the necessity of considering some other ways for solution of the question," because the replies of the United States had not been found satisfactory, was cabled in full from Tokyo to the Japanese embassy in Washington. The address announced that the third note of protest presented to Secretary Bryan by Ambassador Chinda on August 18, remained unanswered. It also revealed the fact that the Ambassador, under instructions from Tokyo, saw President Wilson on March 5, the day after the President's inauguration, and asked that he make an effort to stop the threatened legislation in California which has since been enacted.

# 1914 HARLEY DAVIDSON

**—The Motorcycle That Excels in EXCLUSIVE FEATURES**

Every new model of the Harley-Davidson brings forth one or more exclusive improvements. They are not experiments, but have been subjected to the most rigid tests and found to meet every requirement made of them. Two years ago we introduced the Ful-Floteing seat and Free Wheel Control, Last year it was the Harley-Davidson "5-35" which ,with its greater pulling power at low speed, replaced the former four-horsepower type.

**HERE ARE SOME OF THE IMPROVEMENTS FOUND IN THE 1914 HARLEY-DAVIDSON.**

**Harley-Davidson Step Starter**—A device which permits the machine to be started with the rider in the saddle and both wheels on the ground. This welcomed improvement eliminated the necessity of dragging or lifting the motor cylce to a smooth, hard, level spot before being able to start.

**Harley-Davidson Double Control Brake**—an improved brake which may be operated by a foot lever convenient to the right foot or by the regular pedals. The action is smooth and velvety, yet positive—grabbing is impossible.

**Free Wheel Control Operated by Foot or Hand**—an improvement which does away with the danger and inconvenience of steering with one hand on rough or muddy roads.

**Folding Foot Boards**—add greatly to the rider's comfort.

**Harley-Davidson Two-Speed Hub**—an improvement which incorporates every advantage of the sliding-gear type, yet it is without a single one of its disadvantages.

It is possible to cover a distance in from 8 to 15 minutes that consumes 40 to 60 minutes on a street car. This means that you can lunch at home with the family if you ride a Harley-Davidson.

**For Business the Harley-Davidson** is a time and money-saver. Every merchant who needs rapid, light delivery should inspect the Harley-Davidson truck, 600 pounds capacity, at $425.
